

Reporting illegal gas workers

HELP GAS SAFE REGISTER **TACKLE** **ILLEGAL GAS WORKERS**

Gas Safe Register treats the reporting of all illegal gas workers in a professional and confidential manner

On 1 April 2009 it became a legal requirement for anyone installing, servicing or maintaining a gas appliance in Great Britain or Isle of Man to be registered with Gas Safe Register.

Gas Safe Register exists to protect you, your family, and your property from dangerous gas work. If a gas worker is not registered they are working illegally and potentially unsafely.

Illegal gas work can lead to a gas leak, fire, explosion and carbon monoxide poisoning. We will investigate anyone suspected to be working illegally. Gas Safe Register needs your support to help tackle illegal gas workers.

If you suspect a business of undertaking gas work without being Gas Safe registered please let us know.

You can report an illegal gas worker by completing and returning this form, or through any of the following methods:

- Visit the Gas Safe Register website at www.GasSafeRegister.co.uk
- By telephone on **0800 408 5500**
- In writing to **Gas Safe Register, PO BOX 6804, Basingstoke, Hampshire, RG24 4NB**

Any suspected illegal gas work will be inspected free of charge.
