
GAS SAFE REGISTER

RULES OF REGISTRATION

Through the act of registering with Gas Safe Register you have agreed to comply fully with these Rules of Registration and our policies.

SECTION 1

THE REGISTERED BUSINESS

You must tell us:

- a)** your business address as well as any other address where you manage gas work from (centre address);
- b)** if you change your business or centre address;
- c)** your trading title;
- d)** if you change your trading title;
- e)** if you change the ownership of a registered business;
- f)** if the registered business stops trading;
- g)** the name of the person who will be the person responsible for gas registration matters – if you are self-employed, we will automatically make you the responsible person; and
- h)** about any change in who is the responsible person.

SECTION 2

GENERAL RESPONSIBILITIES

Anyone carrying out gas work must:

- a)** do so competently and safely;
- b)** make sure the gas work has been tested and commissioned;
- c)** be registered for the categories of work being carried out (they must have a recognised certificate of competence for registration in each work category);
- d)** keep to all standards and documents as listed in the technical standards and normative documents list;
- e)** carry a licence (ID) card showing the name of the registered business in whose name the gas work is being carried out;
- f)** show the licence card when asked;
- g)** let us know straight away if their licence card is lost or stolen; and
- h)** return their licence card to us if we ask.

The registered business must make sure that:

- i)** anyone who does gas work for you must be on your business registration or registered in their own right with the exception of Service Layer Engineers covered by 3.2 Section 2 (b) of the Registration Policy.
- j)** you update our registration records relating to the engineers carrying out work under your trading title;
- k)** gas work is adequately supervised; and
- l)** these rules are understood and followed by anyone who does gas work in your name;
- m)** the Registration Policy is understood and followed by the registered business.

SECTION 2 (CONTINUED)

GENERAL RESPONSIBILITIES

The registered business and anyone carrying out gas work must make sure that:

- n)** all gas work done meets the requirements of the relevant Health & Safety enforcement agency, in accordance with current gas safety legislation in force in Great Britain, Isle of Man, Northern Ireland and Guernsey (listed below);
- o)** they do not do anything that would contribute to unsafe gas work or illegal activities;
- p)** they notify the Register of any concerns they have about unsafe gas work carried out by others;
- q)** all action is completed by the date given on any defect notice served to them;
- r)** they tell us about any pending or current prosecution or sanction relating to gas work, gas-safety laws or building regulations placed against them;
- s)** they do not do anything that would bring the Gas Safe Register scheme into disrepute; and
- t)** records are kept of all gas work carried out and given to us when we ask. These records must record, at the least:
 - the registration number of the business carrying out the gas work;
 - the name of the person doing the gas work;
 - details of the gas work and the results of any tests carried out;
 - the date the gas work was completed;
 - the address where the gas work was done; and
 - the action taken for unsafe situations in accordance with the Gas Industry Unsafe Situations Procedure (GIUSP).

Where you give us details of your customers we will assume that you have the customer's permission to do so for the purposes of Gas Safe registration, and it is for you to make sure that this is agreed.

GB	The Gas Safety (Installation and Use) Regulations 1998
IOM	The Gas Safety (Installation and Use) Regulations 1994 as amended and applied by the Gas Safety (Application) Order 1996
NI	The Gas Safety (Installation & Use) Regulations (Northern Ireland) 2004
Guernsey	The Health and Safety (Gas) (Guernsey) Ordinance, 2006

SECTION 3

PROBATIONARY REGISTRATION

For new and lapsed registrations, you (and anyone carrying out gas work for you) must make sure that:

- a)** you agree to being in probationary registration; and
- b)** you agree to a work inspection within the timescales given;
- c)** you make available for inspection the records of gas work mentioned in **Section 2 (t)** as well as any other information that shows how you make sure that gas work is safe.

SECTION 4

INSPECTING GAS WORK

You must:

- a)** agree to us inspecting the registered business, the business and centre addresses, the gas work records and the gas work you have carried out;
- b)** make the responsible person or the person who completed the gas work available, depending on which we ask for, for an inspection visit (and the visit will take place where the gas work was carried out, the registered business address or as we agree with you); and
- c)** make available for inspection the records of gas work mentioned in **Section 2 (t)** as well as any other information that shows how you make sure that gas work is safe.

SECTION 5

COMPLAINTS

You must make sure that:

- a)** you cooperate fully with any complaint investigation by our or the Health and Safety Executive's inspectors;
- b)** you allow any inspection to be carried out while we are investigating a complaint; and
- c)** you agree to abide by the Register's complaints and appeals policies.

SECTION 6

SANCTIONS, SUSPENSION AND REMOVAL

You must make sure that:

- a) if suspended from the Register, you will not do any gas work until the suspension is lifted and you are registered again;
- b) if suspended from carrying out a particular category of work, you will not do any further gas work in that category until that category of work has been reinstated;
- c) if removed from the Register, you will not do any further gas work; and
- d) you keep to any temporary conditions which are placed on your registration by the Register, until we remove those conditions.

SECTION 7

FEES AND CHARGES

You must make sure that:

- a) we receive full payment within specified timeframes for all registration fees and charges relating to the registered business, anyone who does gas work for you and for reporting work.

SECTION 8

THE GAS SAFE REGISTER BRAND

You must make sure that:

- a) you use the Gas Safe Register brand in line with the Brand Enforcement Policy;
- b) if your registration is suspended, you stop using the Gas Safe Register brand until you are registered again;
- c) if your registration is removed, you stop using the Gas Safe Register brand; and
- d) you do not, by using any other gas membership scheme name, brand or logo in relation to gas work, cause confusion in relation to the Gas Safe Register, or otherwise risk gas safety.

SECTION 9

REPORTING NOTIFIABLE WORK TO US

- a) You must report all heat producing gas appliances (boilers, fires and air heaters etc.) and related heating systems that you install and commission as a requirement of the building regulations in England and Wales, confirming that the work complies with all aspects of the building regulations.

SECTION 10

DEFINITIONS

Centre address	The primary address from where the business will operate and all correspondence relating to registration should be sent.
Defect notice	A notice sent to you by the Register showing the work needed to correct the gas work carried out in your name.
Gas work	Work as defined under relevant gas safety legislation e.g. the Gas Safety (Installation and Use) Regulations 1998.
Licence card	The identity card we provide for each engineer, which includes registration start and end dates, a photograph of the engineer, the engineer's licence number, the list of work categories with start and end dates, the registered business's name and registration number.
Registered business address	The address where all correspondence relating to registration should be sent. This may be the same as your centre address.
Registered business/you	An organisation and its employees, or a self-employed person, registered with Gas Safe Register to carry out gas work.
Trading title	The trading name used to promote and advertise the business for the purposes of undertaking gas work as a registered business.
Unsafe gas work	Any gas work that is categorised as 'at risk' or 'immediately dangerous' as described in the Gas Industry Unsafe Situations Procedure.

These Rules of Registration are explained in more detail in our Registration Policy, which can be viewed at: <https://www.gassaferegister.co.uk/who-we-are/our-policies/>

You can view all our policies and other relevant information, such as the technical standards required of you, and the fees and charges table, on the website at [GasSafeRegister.co.uk](https://www.gassaferegister.co.uk)

We may change these rules from time to time. When this happens, we will let the responsible person for your business know.

Gas Safe Register has worked with the Plain English Campaign to make this document clearer.
